Supply Planner

The role:

Reporting to the Head of Supply Chain, you will play an integral part in the ongoing success of the supply planning services team.

In this role, you will be responsible for end to end inventory planning and management including, demand supply balancing, sales and operational planning, stock balancing, raising purchase order recommendations and providing input to demand forecasting.

You will also manage the development and maintenance of supply chain management strategies to ensure that best practice and efficiency are delivered.

You will:

- Manage Sales and Operations Planning, including Demand Supply Balancing
- Create Inventory Management Strategies, Processes and Costs for New Business Opportunities
- Oversee the implementation and Maintenance of the Brightstar 'Inventory Management Models'.
- Liaise with Brightstar Operating Departments – Advisory, Supply Chain, Logistics, Channel Sales, Brightstar Retail Team and Finance.
- Provide Insights and recommendations including channel feedback on all the Supply Chain KPI's
- Support the bottom up and top down forecasting process. Identifying potential gaps, risks and opportunities for the Business... Providing solutions to overcome challenges and mitigate risks.

What you will bring

- Solid experience in supply chain planning, with a particular focus towards Materials Management
- Knowledge of master scheduling, capacity planning and supply chain management principles

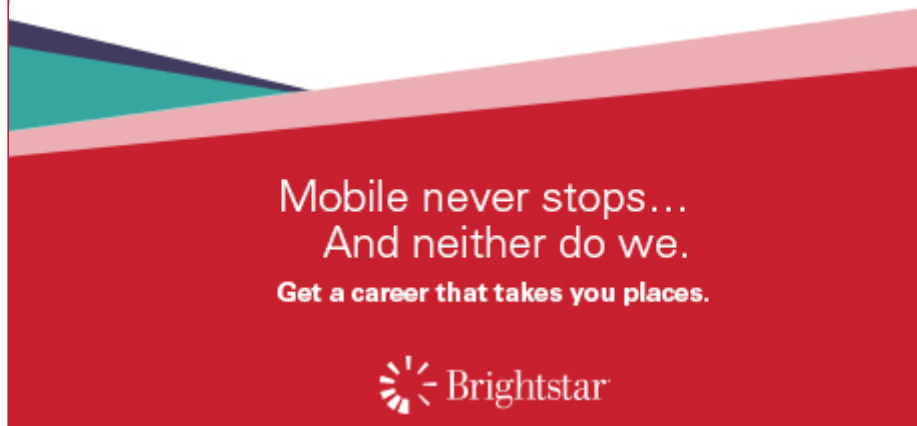

- Previous experience in an importation environment, with detailed understanding of international freight documentation and a working knowledge of international trade
- Strong relationship building skills and an aptitude for maintaining organisation and focus with varying priorities
- PC skills including MS WORD, EXCEL, PowerPoint, Visio, Office and Access

Why us?

Brightstar is home to innovative thinkers who believe that a connected world is a better world. Doing business in the mobile sector is complicated – our job is to make it simple. For carriers, retailers and enterprise partners.

Brightstar simplifies the wireless world, making mobile technology accessible to everyone. We process over 100 million devices every year, providing innovative end-to-end services seamlessly integrated with our customers' businesses.

We hire bold thinkers who thrive in a fast-paced, innovation-minded culture. Sound like you?

The application form will include these questions:

- Which of the following statements best describes your right to work in Australia?
- What's your expected annual base salary?
- What's your highest level of education?
- How many years' experience do you have in the logistics, freight & delivery services industry?
